

GLOBALVOX

BUZZ

November 2025

Hi Team,

I hope you all had a wonderful Diwali and enjoyed the festive season with your Family and Friends. Festivals always remind us to pause, recharge, and reconnect — and I hope that same energy of light and renewal continues with us as we step into the final part of the year 2025.

As we return to our work rhythm, it's a great time to refocus and realign our goals. The months ahead are not just about delivering committed deliverables for the projects but about learning, evolving, and preparing ourselves for what's next.

I'm also happy to share some great news — we've successfully completed all the required certifications for Oracle Artificial Intelligence expertise! This is a proud moment for all of us at GlobalVox. The only final step left is publishing our success story with Oracle, after which our AI expertise will be officially validated and visible on the Oracle Partner Finder.

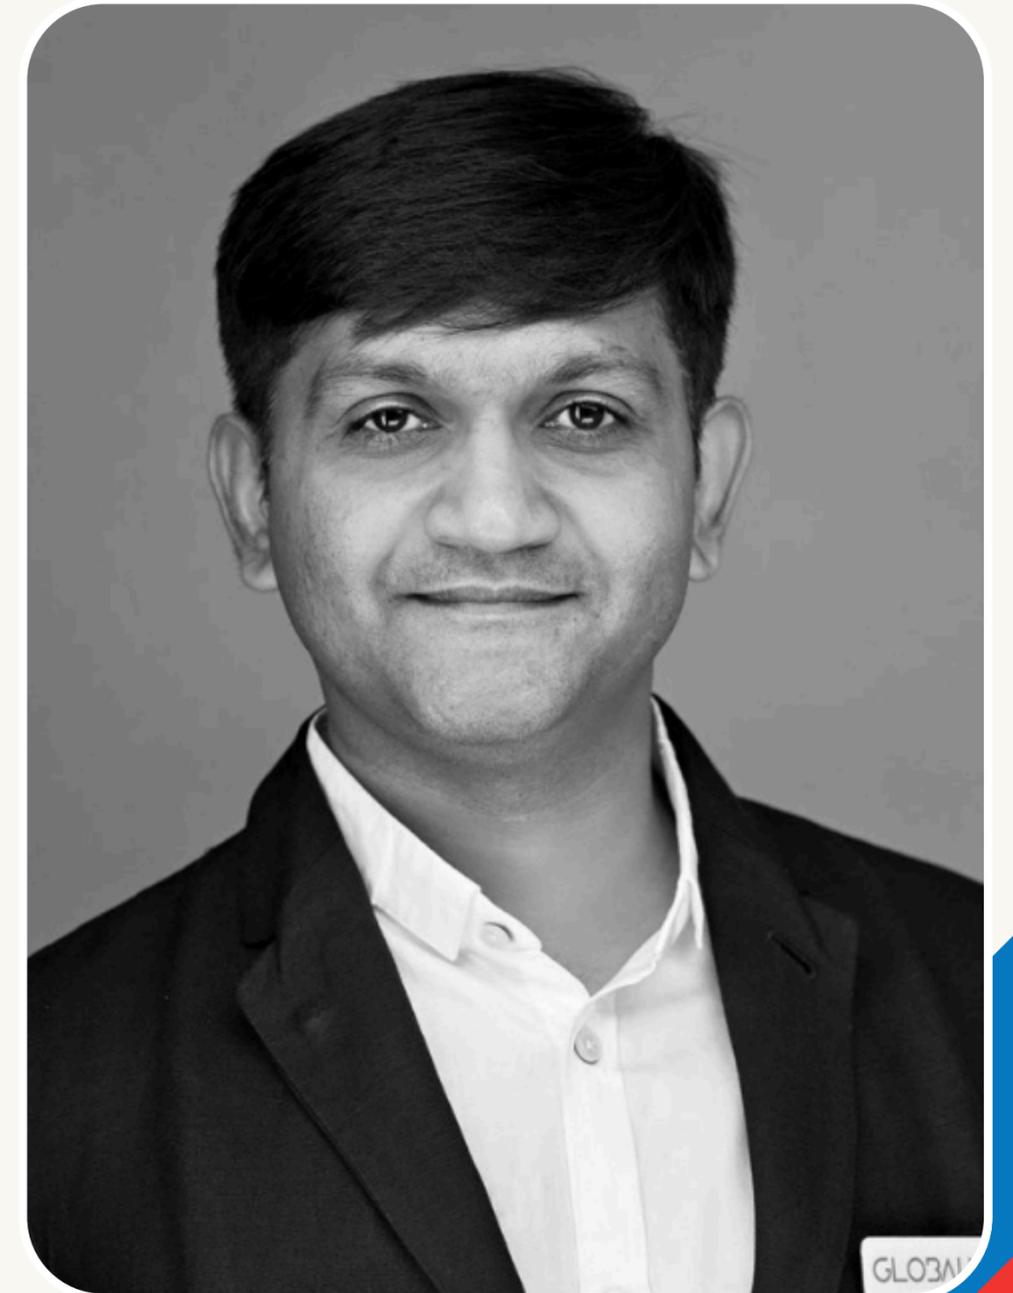

This recognition is not just a badge — it reflects our collective commitment towards learning, collaboration, and drive to stay ahead in this fast-changing technology landscape.

The real strength of GlobalVox lies in our curiosity, adaptability, and teamwork.

Let's keep that spirit alive — learning a little more each day, experimenting without fear, and staying united as we build toward a stronger, smarter GlobalVox for 2026.

Wishing everyone a productive and fulfilling November ahead!

Hiren Bhimani

Roaring Ahead: Why Oracle AI Certification Elevates the GlobalVox Pride

Alright, listen up, fellow tech enthusiasts and future AI pioneers! Leia here. Remember, I'm the tech mascot. Leo and Leon don't have my skills in programming. I'm here to talk about something that's got my whiskers twitching with excitement: Oracle AI Certification!

Now, you might be thinking, 'Leia, why should I, a magnificent human, care about getting certified in AI by Oracle, especially if I'm already working with GlobalVox?' Well, let me tell you—it's not just about adding another feather to your cap; it's about sharpening your claws, honing your hunting skills, and becoming the apex predator in the AI jungle!

As an Oracle partner, GlobalVox delivers top-notch IT services and bespoke software programs. We're already building incredible solutions, but with Oracle AI certification, we're taking it to a whole new level. And guess what? You, as part of the GlobalVox pride, are at the forefront of this evolution!

Roar with Confidence — Deepen Your Expertise:

Oracle's AI certifications aren't just a piece of paper; they're a testament to your deep understanding of cutting-edge AI technologies. You'll master everything from machine learning algorithms to natural language processing, computer vision, and more. This means you'll be able to tackle even the most complex AI challenges with the confidence of a lioness on the hunt. For GlobalVox, this translates to even more robust and innovative solutions for our clients.

Hunt Down New Opportunities — Expand Your Horizons:

The world of AI is expanding faster than a gazelle running from a hungry lion (that's me!). With Oracle AI certification, you'll be equipped to explore new territories and seize emerging opportunities—intelligent automation, predictive analytics, and personalized customer experiences. Your certified skills make you an invaluable asset to GlobalVox and our clients.

Lead the Pack — Become an AI Innovator:

At GlobalVox, we're not just followers; we're leaders. By getting Oracle AI certified, you'll be empowered to drive innovation, experiment with new ideas, and push the boundaries of what's possible. You'll be the one our clients look to for groundbreaking solutions, solidifying GlobalVox's reputation as a true AI pioneer.

Strengthen the Pride — Elevate Our Oracle Partnership:

Our partnership with Oracle is powerful, and your certification only makes it stronger. It demonstrates our commitment to excellence and to leveraging Oracle's AI platform to its fullest potential—unlocking more resources, support, and opportunities for GlobalVox to shine.

Future-Proof Your Career – Stay Ahead of the Curve:

The tech landscape evolves constantly. Oracle AI certification is your ticket to staying ahead, ensuring your skills remain sharp and in demand. You'll be future-proofing your career and cementing your role in the GlobalVox pride for years to come.

So, my fellow GlobalVox warriors, what are you waiting for? It's time to unleash your inner AI beast, get certified by Oracle, and help us continue to roar with success in the ever-evolving world of technology! Let's build some incredible AI solutions together.

That's all for now. See you next month. In the meantime, remember Kunalsinh's guidance, "Be Safe, Work Hard, Eat Well, Sleep Tight." I will!

Updates from India

Diwali Dinner

The GlobalVox family came together to for a Diwali Dinner - not just as colleagues, but as one team that grows, shines, and celebrates every milestone together. Moments like these remind us that beyond the code, projects, and deadlines, it's the people who make GlobalVox truly special.

Diwali Dinner

Diwali Celebration At GV

Our Diwali celebration was a huge success! From the colorful festive wear to the shared sweets and fun games, the GlobalVox team came together to illuminate the workplace and share warm wishes for the season.

The Art of Making Rangoli

What a display of artistry! The four teams in our Rangoli Competition channeled their inner artists, making the event a truly enjoyable and super colorful success for everyone involved.

The Game Zone

The Diwali celebration was packed with fun and energy! We enjoyed a range of multiple games and activities that brought out everyone's competitive spirit and shared laughter.

The Winning Teams

Congratulations to the winning team who swept the competition, and a special shout-out to our two style icons for winning Best Male and Best Female Traditional Attire

Gift Distribution

A huge thank you to our Director, Pratik Jain, who showed his appreciation by personally distributing wonderful gifts and hampers to the entire GV team!

Update from India

GLS Campus Drive 2025

We are excited to share news of our recent and highly successful placement drive at GLS University. Our recruitment team had a fantastic time engaging with bright, enthusiastic candidates, resulting in a strong shortlist of potential new talent for GlobalVox.

The selection process moved quickly, with the shortlisted students immediately visiting the GV office for intensive technical interview rounds on the same day. We are now in the final stages of evaluation and are looking forward to finalizing and welcoming our new team members shortly!

GV Team wishes you both a very
Happy Birthday

Days to Remember

5th November
Guru Nanak Jayanti

20th November
Thanksgiving Day

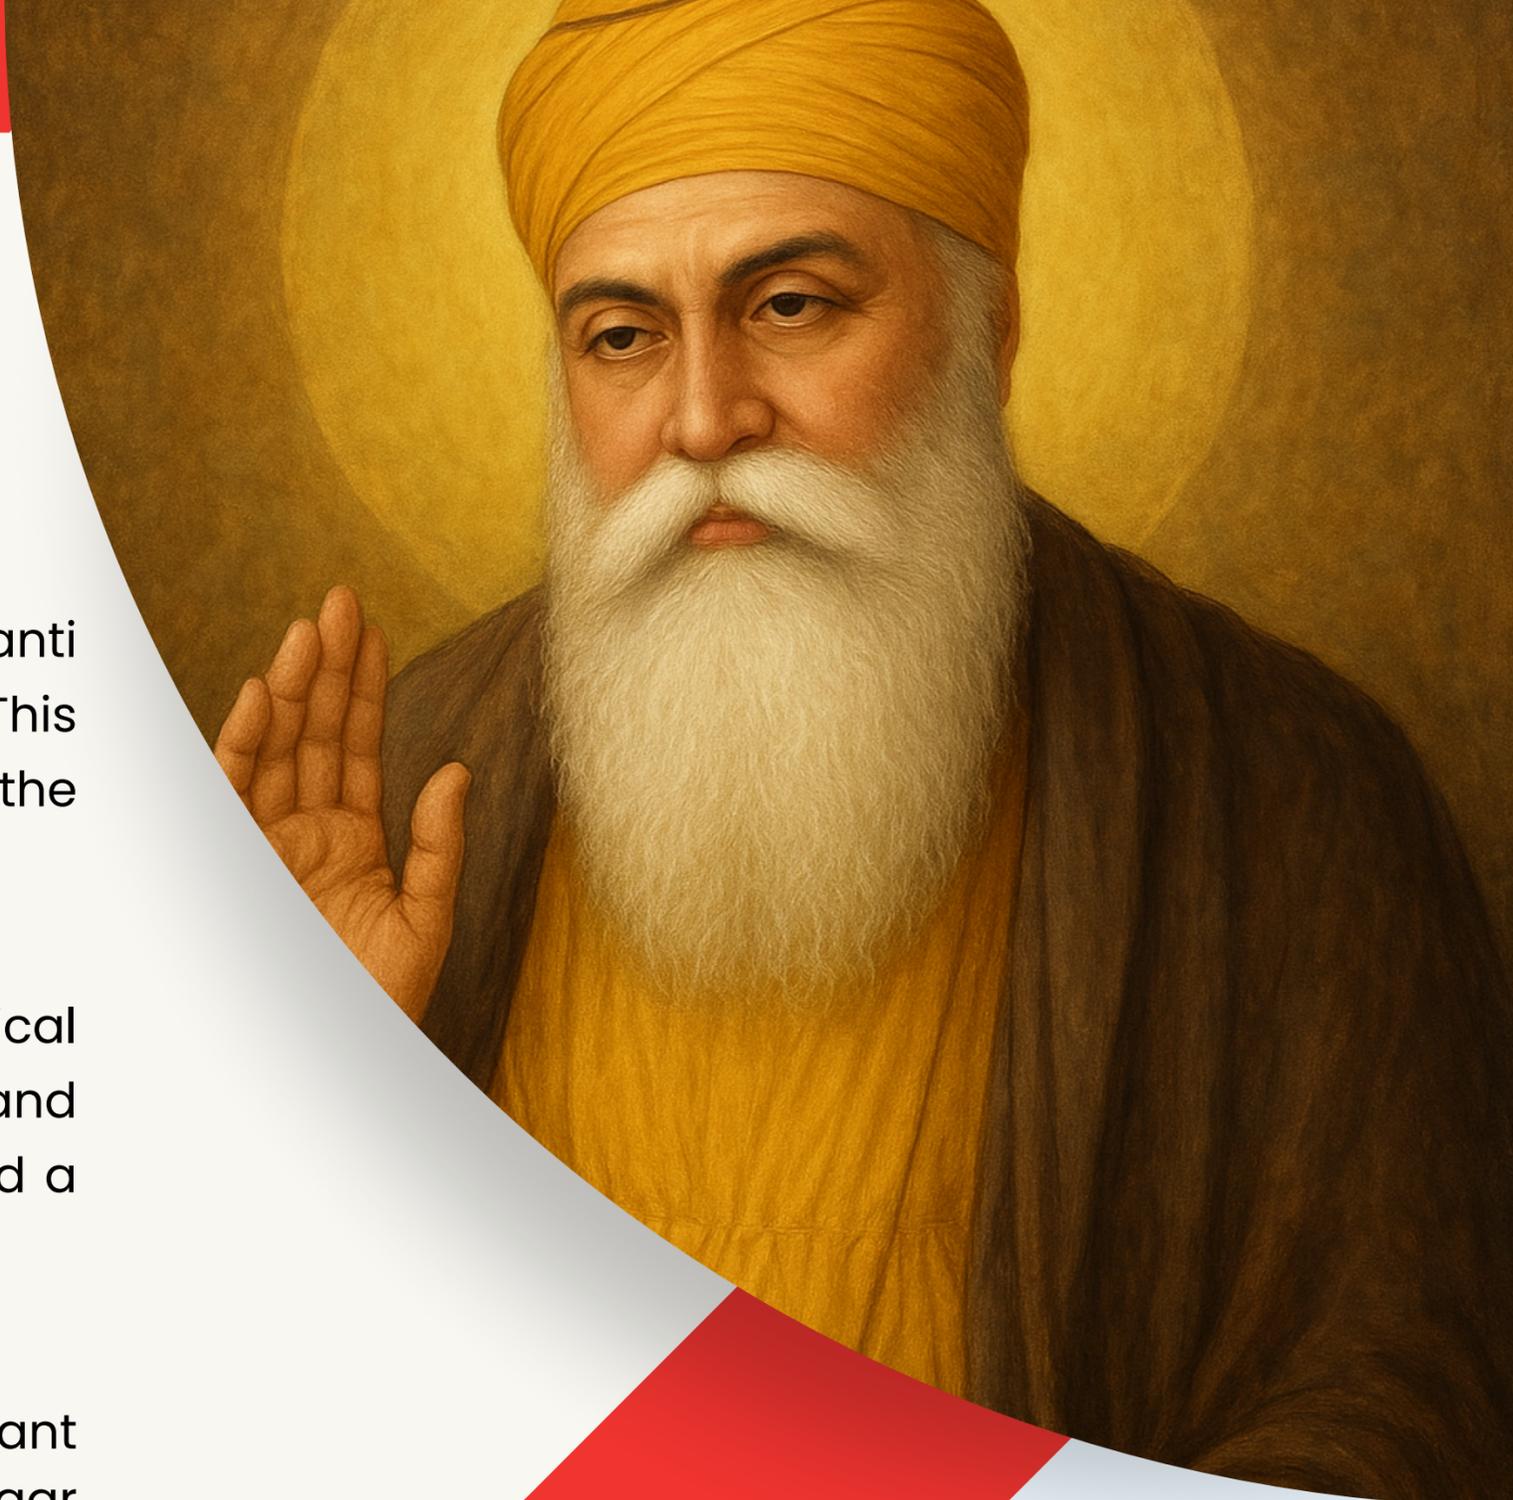

Guru Nanak Jayanti

5th November (Wednesday)

We warmly acknowledge the sacred occasion of Guru Nanak Jayanti (Gurpurab), celebrating the birth anniversary of Guru Nanak Dev Ji. This is a special time for reflection, prayer, and community, honoring the founder of the Sikh faith and his timeless message of oneness.

Guru Nanak Dev Ji's teachings center on three core principles for ethical living: Naam Japo (remembering God), Kirat Karo (honest work), and Vand Chakko (sharing with others). This philosophy guides us to lead a life of integrity, selfless service, and compassion in all our endeavors.

His powerful message of equality and harmony remains deeply resonant today, transcending all social divisions. The tradition of Langar (community kitchen), where all people share a meal together, beautifully symbolizes this enduring commitment to universal brotherhood.

Thanksgiving Day

20th November (Thursday)

Thanksgiving is a major national holiday in the United States, celebrated annually on the fourth Thursday of November. It is a day dedicated to giving thanks for the harvest and the blessings received throughout the previous year.

The holiday is commonly associated with the 1621 harvest feast shared by the Plymouth English colonists and the Wampanoag Native American people. This gathering celebrated a successful harvest and the survival of the settlers after a difficult first year.

Today, Thanksgiving is a time for families and friends to gather for a large traditional meal, typically featuring turkey and pumpkin pie. The focus is on expressing gratitude, reunion, and fellowship.
